INSTRUCTIONS ON CHINA ARE SENT TO WAR MISSION

(Special Cable to Nippon Jiji)
TOKIO, Japan, Oct. 12.—Important instructions were cabled yesterday by the Japanese government to Viscount K. Ishii in Washington.

Though the contents of the instructions to Ishii are not revealed by Viscount I. Motono, minister of foreign affairs of Japan, it is taken for granted that it has something to do with an important declaration pertaining to China, which is expected here on good authority soon to be announced by Japan and the United States governments jointly.

It was the intention of the Japanese government in sending Ishii to the United States that a complete understanding as to Japan's policy toward China might be secured from Washington. To this end the Ishii mission now appears to have met with considerable success and a joint declaration based along the line of Ishii's recent declaration made in New York upholding Japan's position in China and the Far East is expected to be forthcoming in the near future.

The Tokyo press observes that Ishii's mission to the United States is a success when the Chinese question is taken into consideration but a failure as far as the lifting of the steel and gold embargo is concerned. The Jiji Shimpo's special Washington despatches intimating that Ishii's negotiations with the United States government on embargo are now deadlocked, are generally taken as a proof of weakness of Japan's diplomacy.

COPIES OF "BULL" ARE SEIZED BY U. S. MARSHAL

Twenty-three copies of a magazine called "Bull," published in New York City, by Jeremiah A. O'Leary, who was named in a German official despatch recently published by Secretary of State Lansing, were seized by Marshal J. J. Smiddy yesterday afternoon from Fisher's news cart. U. S. Attorney S. C. Huber announced today that no arrests will follow the seizure. The magazine has decided pro-German tendencies and is replete with caustic criticism of the English government.

SOLDIER GETS 4 YEARS FOR DISOBEDIENCE

Another Acquitted of Charge of Sleeping at Post; Other Cases Disposed of

"I goes over and sits on the boat and as soon as I got on the boat the first thing I knew I dropped away and the next thing I knew I seen Private Gliniski walking my post and I looked around and I missed my rifle."

Thus did Private Otto W. E. Geyer, Company A, 32nd Infantry, relate the story of what happened in the early morning of August 14 when he, posted as a sentry in time of war, was discovered with his legs hanging from the side of a little boat at Pier 6, Honolulu harbor, according to court-martial orders today.

Private Geyer was charged with sleeping at his post, but the court acquitted him, finding him "not guilty." This acquittal the reviewing authority has disapproved, according to the orders issued.

Comment is made in part as follows:

"In view of the evidence, which shows that Geyer was regularly posted as a sentry at Pier 6, Honolulu, T. H., at 3 o'clock a. m., on August 14, 1917; at about 4:15 a. m., the corporal of the guard on visiting Geyer's post was unable at first to find him but found his piece up against the side of the house on the pier, took it to the sergeant of the guard, distant some 50 or 60 yards, turned it over to him, aroused another soldier, Gliniski, took him to Geyer's post, posted him there, again looked for Geyer and saw his legs from the knees down hanging from the top of a small boat about 15 feet from where his piece had been found; the corporal then went to get a light to enable him to see Geyer's face and about five or ten minutes thereafter met him coming up the wharf, whereupon Geyer gave as an excuse for his conduct, that he had something the matter with his side, cramps or something."

Then follows the purported unsworn statement of Geyer, given in the foregoing. Other findings announced in court-martial orders today are as follows:

Private Leonard Pericante, Battery D, 1st Field Artillery, found not guilty and acquitted of a charge of stealing \$5 from Private Ernest J. Lamy, Battery D, 1st Field Artillery.

Private George S. Chambers, Company C, 1st Infantry, found guilty of stealing a ticket book for a moving picture show from Cook John A. Wetters, Machine Gun company, 1st Infantry. Sentenced to dishonorable discharge and imprisonment for one year.

Private Edward Logan, Company H, 1st Infantry, found guilty on charge of deserting the service, wearing civilian clothing and escaping from guard. Dishonorable discharge and imprisonment for three years.

Private Mont Simpson, Company B, 2nd Infantry, found guilty of stealing exchange checks valued at \$25.00 from Ray G. Jewell. Dishonorable discharge and imprisonment for one year.

Private Samuel Roseborough, Company L, 25th Infantry, found guilty of disobeying a command, not to drive an automobile, refusing to work when ordered and failing to assist a person he had run down by auto. Dishonorable discharge and four years in prison.

NEW TRIAL REFUSED HAWAIIAN BOY WHO SHOT JAPANESE MAN

Circuit Judge Ashford last Tuesday afternoon overruled a motion for a new trial for Kapellela Kaeha, the young Hawaiian boy recently convicted of the murder of a Japanese in River street. The motion was made by Attorney Bert Lightfoot, counsel for the defendant, taking as his grounds certain instructions given the jury by the court. The motion was submitted without argument and overruled.

After the motion was overruled, Judge Ashford sentenced the young Hawaiian to suffer death. According to the police, Kaeha is also charged with the murder of a Filipino, who was shot shortly after the Japanese was killed. Kaeha went to the room of the Japanese apparently with intention to rob. The Japanese struggled with the intruder and was shot.

JURY FREES FILIPINO OF CHARGE OF ASSAULT

After testifying that he cut a fellow countryman with a cane knife in order to save his own life, S. Dumaldal, a Filipino, who was charged with assault with intent to murder, was acquitted by a jury in Circuit Judge Heen's court this morning. Dumaldal was represented by Attorney Leon M. Straus.

Dumaldal testified that, on the day of the assault, he and another Filipino were asleep in their room when the complaining witness entered, armed with a dagger. According to the defendant, the intruder brandished the knife and declared "I'm going to kill the whole crowd." The Filipino occupying the room with Dumaldal seized a short cane knife and according to his story to protect his own life, cut the intruder six times.

MRS. LOANE IS LOSER IN SUIT AGAINST ENGLE

Mandamus to Have Her Name Reinstated in Kapaa Drawing Dismissed By Court

As far as circuit court is concerned, Mrs. Julia Loane has failed in her attempt to force Walter A. Engle, chief clerk in the land commissioner's office, to reinstate her name on the list of those who drew lots in the Kapaa, Kauai, homestead tract. Circuit Judge Kemp has handed down a decision dismissing her amended alternative writ of mandamus.

Mrs. Loane was one of the original 30 or more persons who drew lots in the Kapaa tract, her husband being 12, but her name was stricken from the list after it was found that her husband had also been an applicant, although not a successful one. An opinion was sought from the attorney-general, who held that a husband and wife could not both apply for lots in one tract.

The case dragged along for several weeks and Mrs. Loane finally amended her petition. At one time it was hinted that the entire action would be withdrawn from circuit court and taken directly to the supreme court for a decision, but this was not done.

It was the contention of Mr. Engle, who was acting land commissioner at the time the action was brought, that either husband or wife might, if otherwise qualified, participate in a drawing or lottery, but that both could not apply at the same drawing, and if they did both file applications, they should both be rejected. This view is upheld in the court's decision.

INFORMATION ON HAWAII ASKED BY EVERY CONTINENT

Indication of the world-wide interest that is being taken in Honolulu and Hawaii is shown by the fact that Fred J. Halton of the Honolulu promotion bureau received letters in the last mail from every continent of the globe. Communications came from North and South America, Europe, Africa, Asia and Australasia. Most of the letters asked for information regarding the Hawaiian Islands and for post-cards and photographs.

The letter from Port Elizabeth, South Africa, also asked for curios and the letter from Sydney, Australia, asked the promotion committee to place the writer, E. T. Pearson-Mel-drum, in touch with a stamp collector in Honolulu who would like to exchange American and Hawaiian stamps for South Sea issues. A letter from New York from the Bankers Trust company asked for a film of Hawaiian scenes which the company would send out with its campaign on travelers' cheques of the American Bankers association.

The film will be sent from San Francisco and will be exhibited at A. B. A. lectures all over the United States.

been so seck on board that it was unable to recover even after stepping on land. It was a young animal and would have been a welcome addition to the collection at the zoo. The head will be placed in the hands of a taxidermist to be stuffed while the body will probably be turned over to shark hunters to be used for bait.
